Cattlemen and Cattlewomen:

Welcome to the 28th Annual Lisco/M Diamond Wyoming Tested Tough Bull Sale. Friendship and a common viewpoint about raising good, functional cattle brought our two families together, but it is the support and belief in our programs from our customers that have kept us going for 28-plus years. We would like to thank those who have supported our programs and welcome those who are attending for the first time. The friendships we have made over the last 28 years are the true treasures of this business.

We will again hold the sale at the Central Wyoming Fairgrounds Arena in Casper, Wyo. It is a great facility and we are glad to call it home. Plan to be our guests for lunch at 11 a.m., and please stay for the hospitality afterwards. For those of you who would like to haul your bulls home but want to enjoy what Casper has to offer, dolly your trailer down at the fairgrounds and pick up your bulls the following day by noon.

Our registered Angus cattle are truly born and bred to thrive under the tough range conditions known to Wyoming. That being so true this year as summer was short and winter came early and continues to hold on. The calves are raised on mama's milk, grass and lots of Wyoming scenery. Mother Nature is allowed to take its course so we can truly identify those with the "drive to thrive."

With fluctuating markets and ever-changing range and weather conditions, the Angus female is and will always be at the forefront of our breeding programs. We demand our cows utilize the available forage and convert it efficiently in order to breed back on time and bring in a big, healthy calf at weaning. We also place an emphasis on the traits not measured by EPDs – fertility, fleshing ability, mothering ability, udder quality, disposition and structural correctness.

The yearling bulls are again being fed in Hemingford, Neb., at the Bolek Feedlot. Gary and Brad do an outstanding job of allowing the bulls to express their genetic potential, yet maintain their functionality and soundness as range bulls. If you are in the area, stop in and have a look, or you can view videos of the bulls at mdiamondangus.com and dvauction.com. Videos should be up by March 10, if not sooner. The bulls have also been PAP tested by Dr. Lanny Weddle, and he would be glad to answer any of your questions at 970-723-8314.

All bulls in the sale have passed a breeding soundness exam, tested negative for PI BVD, and have been PAP scored. The bulls will be at the Central Wyoming Fairgrounds at noon on March 24, 2020, for your inspection prior to the sale. If you have any questions, please feel free to call or email. We look forward to seeing old friends and making new ones on March 27, 2020 for our 28th annual sale.

Sincerely,

The Liscos and Boners

SALE CATALOG & SUPPLEMENTAL INFORMATION

To view the online catalog, supplement sheets for weights and scrotals, video of selected lots and sale order, go to www.mdiamondangus.com

Lisco & M Diamond Angus. Cattle Born & Bred with the Drive to Thrive.

Welcome and we hope to see you Friday, March 27, at the Central Wyoming Fairgrounds Arena in Casper. A very consistent set of bulls awaits your appraisal that is deep in quality. The Boner and Lisco families have been at this a long time now. The depth and quality of their product is impressive, as the programs continue to bring great consistency as they stack generation on generation of highly functional cattle that work in a tough environment.

This time-tested program produces calving ease, muscle and easy-fleshing cattle. Cattle that are docile, well balanced, and that fit the commercial customers' needs. They produce females that truly do have the **DRIVE TO THRIVE** under the tough range conditions Wyoming can present. They are easy-fleshing, highly fertile, moderate-framed cattle with excellent udders and top mothering ability.

Working with the Lisco and Boner families has been a great experience since they have started selling Angus bulls 28 years ago. I can recommend them as highly as anyone I have met in the Angus business to purchase your cattle from. They will treat you right and offer you a great product. Please give me a call if I can help with your selections in any way. I will be there Wednesday, March 25, through the sale. If weather or distance should be a problem, you can bid on the phone or through DV Auction on the internet.

George Marcy, Marcy Livestock Services, Cell: (308) 430-2005

Information

SALE TIME: 1:00 p.m.

INSPECTION: Cattle are available anytime at Bolek Feedlot in Nebraska and will be in Casper from noon, March 24 through the sale date.

RETAINED INTEREST: All bulls selling will have 1/3 semen interest and 1/3 revenue-sharing interest retained by Lisco or M Diamond Angus. Full possession sells on all bulls.

WINTERING: Yearlings can be kept until April 5 and then will be delivered. Two-year-olds must be taken immediately. Note the discount for bulls taken on sale day.

DELIVERY: Free on all bulls within a 500-mile radius. For further distances please call; arrangements can be made for assistance if Lisco/M Diamond is contacted ahead of time. Deduct \$50 per bull from purchase price if you haul yourself. Females are the responsibility of the buyer, but we will assist with arrangements for females.

SEMEN EVALUATION: Bulls have passed fertility testing and are guaranteed breeders.

PAP SCORES: All bulls have been PAP tested. Yearling bulls will have a supplement sheet of the scores sale day and we will have them up on our website as soon as possible.

ULTRASOUND: All bulls have been ultrasounded. Results are included in the catalog.

DESIGNATED CALVING EASE: We have marked the bulls we think will work on heifers. Please use your own judgment.

- ◆◆ Should work on all heifers
- ◆ Should work on larger heifers

SALE DAY WEIGHT: All bull weights will be listed on a supplement sheet that will include their actual weight and scrotal measurement the week of the sale. Video of all lots, supplement sheets and sale order can be viewed at www.mdiamondangus.com or www.dvauction.com. Just click on "Sale Catalogs" and then "Lisco/M Diamond" to view.

HERD HEALTH: All cattle sell with proper health papers for interstate shipment. A rigid herd health program has been followed. All bulls sell guaranteed or tested free of all known genetic defects by DNA test or pedigree. All bulls tested negative for PI BVD.

TERMS AND CONDITIONS: These cattle sell under the terms and conditions of the American Angus Association.

Announcements from the block will take precedence over information in this catalog.

First-Year Breeding Season Guarantee

Lisco/M Diamond will cover 50 percent of the value of bulls selling for \$3,000 or more if they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls.

Fifty percent of the value of the injured bull, minus one-half salvage value, will be given as credit in a following sale or toward a replacement bull if one is available. Salvage value, if any, will be split equally between Lisco/M Diamond and the buyer. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by Sept. 1, 2020.

Example: A \$5,000 bull is injured and will not heal. A credit of \$2,500 minus one-half of any salvage value will be given to the buyer.

Example 2: A \$3,000 bull is injured and will not heal. A credit of \$1,500 minus one-half of any salvage value will be given to the buyer.

Example 3: A \$2,900 bull is injured and will not heal. No credit is given. Buyer retains all salvage value.

This guarantee does not cover mismanagement or neglect.

Genomic-Enhanced EPDs

As some of you may have heard, the American Angus Association has changed from a "Multi-Step" process to a "One-Step" process for Genomic-Enhanced EPDs. Having witnessed firsthand the tremendous inaccuracies with the Multi-Step process, it seems prudent, at least right out of the gate, to be suspect of the accuracy of the new One-Step process. Many in academia are claiming it's an accurate selection tool, but they made the same claims of the Multi-Step process.

Providing our CUSTOMERS with ACCURATE data in order to help you in your bull-buying decisions is of the UTMOST importance to us. We take the responsibility of providing you with quality seedstock very seriously. Therefore, we believe it's in our customers' best interest to take a wait-and-see stance on the new One-Step process. For these reasons we have not printed any Genomic-Enhanced EPDs in our catalog.

In an effort to study, monitor and learn about the new One-Step process, we have DNA tested specific lot numbers and that information will be available sale day. You can view their One-Step Enhanced EPDs two ways. We will have them available sale day or a few days prior to the sale. They should also be available if you type in the bull's name or registration number at www.angus.org/Animal/EpdPedSearch.aspx.

Please feel free to call us prior to the sale if you want to discuss this topic further.

Cornerstone was the high-selling bull – \$65,000 – at the 2017 Spickler Ranch South sale. Cornerstone presents a phenotypic, performance and maternal package that is second to none.

His herd sire-producing dam, S Blossom 0278, is a tremendous cow that will continue to leave her mark on the Angus breed for yearsto come. His three-generation pedigree has 12 Pathfinders®.

In addition to his dam, the well-known maternal prowess of S Pride Anna 709 (dam of S Summit 956 and S Whitlock 179) and S Gloria 464 (dam of S Chisum 6175) grace Cornerstone's pedigree. He is very enjoyable to be around and has an amazingly calm and docile disposition. He really likes his back scratches!

Cornerstone's sons were very well received and the high-selling sire group last year. They are low to moderate at birth and then perform very well at weaning and yearling. He shows 211@99 BWR, 206 progeny @ 102 WR and 59 sons @102 REA. They are deep-ribbed, easy-fleshing cattle that carry abundant muscle. We are calving out his first daughters this spring. They bred up really well AI and have excellent udders.

Calving Ease: **Dam's Production: 4@110**

A very complete Cornerstone son that has performed extremely well. He is a very long-sided bull who has maternal excellence all over his pedigree. His dam, by Emblazon 2134, records an outstanding 4@110. Pair that up with Cornerstone, and this bull is going to sire females that you wish you had more of. This bull needs consideration as a herd sire prospect.

N Plus is an exceptional son of Marcys Scale Crusher that's as good a bull as you can make for phenotype. He excels in deep-ribbed, easy-fleshing progeny that are long, smooth and full of muscle. He has one of the thickest rear quarters you will find on an Angus bull. His calves are thick and soggy, with an easy-doing look, and his progeny will hold up well in tough country. His Pathfinder dam is now an ET donor here at M Diamond Angus.

Summit 4604 is siring tremendous muscle, rib shape, fleshing ability and performance. It is rare to find these traits today in a sure-fire heifer bull. He is stamping his calves with the same type and kind-tremendous mass and muscle in a calving-ease package. He records 109@99 BWR. 4604 is extremely docile plus he sires calves that are easy to handle and easy-keeping, maternal daughters that last.

Leased by Beef 360.

Steamboat sires docile, high performance cattle that will really make money in the feedlot. Sons are long, high capacity, deep ribbed bulls with worlds of muscle. With real-world data, he ranks extremely high on IMF with 75 calves @ 105 IMF ratio and 99 REA to indicate these big stout bulls will make money at weaning and on the rail. His dam is a typical Pathfinder® Right Time daughter that is extremely good.

Cowboy Up is a performance powerhouse that sires progeny excelling at the top of the breed for performance both at weaning and in the feedlot. This high-weaning, powerful growth bull sires excellent feet and legs, fertility, docility and big scrotal cattle. His dam records 3@119 WR and he comes from a long line of high maternal females. He is also represented by OCC Montana Cowboy, one of the top bulls at Midland Bull Test in 2018.

316 is represented in this sale by his sons plus sons of his sire and a paternal brother. 316 stamps his calves with a look of style and quality with added muscle and performance. His progeny are wide based, thick made and consistent. An elite calving ease sire with exceptional growth and looks, his structure and soundness are outstanding. 316 daughters have beautiful udders and are super easy fleshing, with an average nursing ratio of 103.

Traction sires above-average frame and power with exceptional muscling. He contributes a lot of ribeye and feedlot value. First reports on his daughters sound exceptional. His dam is a wide-based, beautiful-uddered female, and his sons are attractive, long-striding, big-scrotum bulls that really grow. An excellent new sire group, his deep barreled sons are sound footed, big topped bulls with a lot of power.

Balance calves come extremely easy and have more vigor and try than any calves I have ever witnessed at birth. On top of that, his calves grow extremely well to weaning, all of which add dollars to your bottom line. His pedigree is loaded with maternal giants, and his first daughters are proving to be great mothers with plenty of milk and perfect, level udders with small teats.

Calving Ease: **Dam's Production:** 1@115

This bull has been an absolute performance standout. Our heaviest weaning bull calf that continued to grow very well post weaning. He ratioed very well for both IMF and Ribeye. This guy will sire calves that pound the scales down at weaning and make your calf buyer very happy.

Finale has tremendous depth of rib and muscle. His calves have added shape, and his females have the capacity to make productive females. We used him on commercial heifers the last three years and calved some of his first daughters last year. A calving-ease sire with explosive growth, he will produce outstanding feeder cattle.

Calving Ease: **Dam's Production: 4@97**

A deep-ribbed, easy-fleshing Marcy Cedar Ridge son with a high IMF.

Lots 89 & 90

These flush brothers are long and deep with a good hindquarter. Their dam, S Gloria 1194, has been a tremendous donor for us and XL Angus. She is also the dam of our herd sire, M Diamond Businessman 727.

His first calf crop were standouts! Phenotypically, these bulls are stamped the same way and are very good.

This bull is a stud. He is loaded with muscle and puts it all together in an attractive package. This bull has an extremely thick top and rear quarter. An outcross pedigree on the top end. His dam is the result of an extremely successful flush that also produced M Diamond Businessman 727. The top-selling bull to M R Angus in 2018 whose first calf crop is showing herd-changing potential. A real herd-sire prospect here!

M Diamond Cattle Services
Cattlemen serving Cattlemen

This sale is dedicated to the memory of Bob Boner

July 1, 1934

December 27, 2019

THE WORLD NEEDS MEN . . .

The world needs men:

- . . . who cannot be bought
- . . . whose word is their bond
- . . . who put character above wealth
- . . . who are larger than their vocations
- . . . who do not hesitate to take chances
- . . . who will not lose their identity in a crowd
- . . . who will be honest in small things
as in great things
- . . . who will make no compromise with wrong
- . . . whose ambitions are not confined
to their own selfish desires
- . . . who will not say they do it because
everybody does it
- . . . who are true to their friends through
good report and evil report, in adversity
as in prosperity
- . . . who do not believe that shrewdness and
cunning are the best qualities for
winning success
- . . . who are not afraid to stand for the truth
when it is unpopular
- . . . who can say "yes" with emphasis,
although the rest of the world says "no"

God, make me that kind of man.

Leonard Wagner

**We shall strive everyday to be worthy
of the accomplishments of generations past**

Sale Location!

Central Wyoming Fairgrounds Arena in Casper. Getting there is easy; just follow the directions below and refer to the maps to the right.

From I-25

Take the Poplar Street exit, and follow it South toward the mountain. Take a right on Collins Drive and follow as it winds around the old refinery complex to the right. At the first light (Wyoming Blvd.) take a left. Follow the road for approx. 1/4 mile. Take the first left into Fairgrounds complex or follow to Fairside Road and take a left. This will take you to the main entrance of the Fairgrounds.

From Highway 220

Follow 220 past Wyoming Blvd. Road name will change to CY Avenue. Take a left onto Fairgrounds Road.

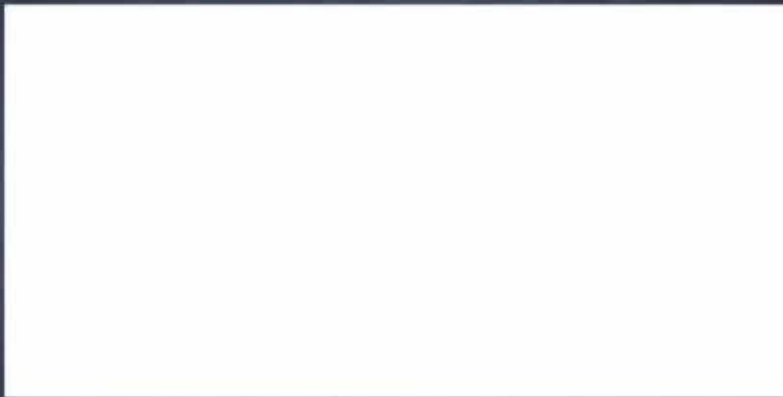

From Highway 20/26

Take a right onto Wyoming Blvd. Follow for approx. 1.5 miles. Immediately after Fort Caspar Road, take a left into Fairgrounds complex or follow to Fairside Road and take a left. This will take you to the main entrance of the Fairgrounds.

The genetics we breed must work under tough Wyoming range conditions.
